Best Western Hotel  
Leesburg, VA

**Featured Speakers/Presentations Include:**

**Wendy Murdoch - "Half-Halts Made Easy Using Biofeedback"**

Ever wonder what a half-halt is or what you were really supposed to do when trying to give your horse a half-halt? Are you ready to move up a level but your horse isn't balanced enough? Are you interested in learning a way to improve your overall riding position and horse's performance? Would you like to practice riding half-halts in the comfort of your living room?

Join Wendy for an exciting lecture/demonstration/audience participation on half-halts. You will come away with a better understanding of the concept and purpose of a half-halt in simple easy to understand terms. You will also learn the functional biomechanics of the horse when half-halts are ridden correctly and how you can improve your half-halts with a simple 'at home' exercise using biofeedback to ensure proper application your position.

**Dr. Byron Young, DVM, MS - "Help, It's an Emergency; I need a Vet ASAP . . . I think???"**

So - it is Sunday evening and your horse has a medical problem -- do you need the Vet ASAP or can it wait until Monday. Maybe you are a barn owner or manager and need to decide whether and when to place a call to the Vet for a boarder's horse. And . . . if it is an emergency, what can you do till the vet gets there and what shouldn't you do. Dr. Young, Founder of Equine Emergency Vets, Inc. will answer all of these and more
